

BMYS – WeatherLink APP Installation

Introduction

The BMYS Weather system includes a Davis Weather Station and a Collector that sends data to the Davis WeatherLink Cloud.

Data from BMYS Weather Station can be accessed from the free Davis WeatherLink APP. Owners of Davis stations can choose to make their data public and share it with the community.

The APP has very good presentation and can also access other weather stations. It has a searchable map of nearby Davis Weather Stations.

These instructions show how to download and setup the APP in a few easy steps to access the BMYS Weather Station.

Step 1 - Download the APP

Download the WeatherLink APP from Google Playstore OR the iOS APP Store.
